MESSAGE

I am happy to know that Biodiesel Association of India will be holding its convention on 5th & 6th January, 2007 at Delhi.

Stock of fossil fuels like coal, lignite, crude oil and natural gas are depleting day by day. We have to find out alternative to these sources of energy. Biodiesel is one of them. Research for other sources than Jatropha from which bio-diesel can be extracted should continue.

I hope participants in the Convention will deliberate on this important issue.

I wish the convention all success.

(SHARAD PAWAR)
